

# International Workshop on 50th Anniversary of *Thermus thermophilus* Discovery

## Date

September 28 (Fri) – 29 (Sat), 2018

## Venue

Atagawa-Heights Training Center, Izu, Japan

## Program

Sept 28 PM - 29 AM : Oral and Poster Presentations

Sept 29 PM : Half-day tour to the Mine hot spring

## Confirmed Speakers

Tairo Oshima (Kyowa Kako, Japan)

Ken Yokoyama (Kyoto Sangyo Univ, Japan)

Masafumi Yohda (TAT, Japan)

Hirotsada Mori (NAIST, Japan)

Makoto Nishiyama (Univ of Tokyo, Japan)

Kei Yura (Ochanomizu Univ, Japan)

Akio Kanai (Keio Univ, Japan)

Jean Armengaud (CEA, France)

Jennifer Littlechild (Univ Exeter, UK)

Nils-Kåre Birkeland (Univ Bergen, Norway)

Shih-Hsiung Wu (Academia Sinica, Taiwan)

and more... !

## Organized by

*Thermus thermophilus* Anniversary Committee (Chair: Yoshitaka Bessho)

## Co-organized by

Japanese Whole-Cell Project of *Thermus thermophilus* HB8 (Seiki Kuramitsu)

Society for the study of primary biomaterials in the origin and evolution of common cellular activities  
(Gota Kawai)

## Supported by

The Japanese Biochemical Society, The Japan Society for Bioscience, Biotechnology, and Agrochemistry,  
Protein Science Society of Japan, Society for Whole-Organism Science, Japanese Society for Extremophiles,  
Japan Society for Archaea, Yoshida Foundation for Science and Technology,  
JT Biohistory Research Hall, Kawazu Tourist Association

## Contact

Conference Secretariat:

Naoki Nemoto (Chiba Institute of Technology)

Kohsuke Honda (Osaka Univ)
